

Dear Benefactor

JBR 102

I wish you and your family a merry Christmas and happy New Year 2010

I am doing well in my studies. I have passed in most of the subjects in the quarterly exam.

Fr. Joseph Rosario takes care of my studies and he shows keen interest in my life. I and my family thank you for the help you have been doing to continue my studies.

We went for a picnic to a water theme park in Madurai. We enjoyed the whole day.

It was full of fun and entertainment. Fr. Joseph bought us ice cream and good food on the day.

On 14<sup>th</sup> Oct. We celebrated our community day. We had mass in the evening, followed by cultural programmes. Well all participated. Our parents, relatives and Rotary club members also came and doubled our joy.

once again, I thank you for the help. I pray for you always, please pray for me.

Dear. Bene Factor

Christmas greeting to you and each one of your family members. Hope you are all fine.

I went for a picnic to a "water Theme park" in Madurai on 31 July 2009. It was really a beautiful experience. I was very happy and enjoyed a lot. I felt refreshed.

We celebrated our community day on 14 October, 2009. It was our Founder's (Fr. Joseph Stephen) Birthday too. We had a cultural programme on this evening. We enacted skits and we sang and danced. I had an opportunity to show all my talents. I am glad to ~~in~~ inform you that several Rotarians also joined the community day celebration. It was a day of joy and merry. Fr. Joseph Stephen's birthday doubled my happiness.

I have completed my quarterly exams and secured good marks. Now I am preparing for half yearly examination. I am really happy to be here in this home of love. Fr. Joseph Stephen takes care of me very well and I get all that I need to live happily. It is all because of your kind

heart, generosity and prayer. I wholeheartedly Thank  
you personally for your concern and help.

I pray for you in my daily prayers. I  
also request you to pray for me and Fr. Joseph  
Stephen.

Thank you.

with love.
